Mr. Christ reported that he had just returned from Chicago where he and Jason Slavoski had been working on MPJE exam questions. Together they produced about fifty questions. There have been no regulatory changes that required any new question material to be written. He also informed that NABP's annual meeting is in May and will be held in Minneapolis.

In regards to the Clawback Bill, Mr. Christ reported that it continues to make its way through legislature without resistance. Mr. Shanehsaz made a remark that there was an amendment to the bill that would allow the lowest cost to be charged by PBM.

Per Division operations, the new licensing software, DELPROS, is progressing on schedule. There will be new training in April to allow the Division employees to utilize and acquaint themselves with the new interface.
